<ul style="list-style-type: none"> • Automatic notification of new inspection • Notification of new recommendations • Notification of Responses 		<ul style="list-style-type: none"> • Diary • Notepad • Sticky Note • Document Image • Ad Hoc and Dashboard 		

COVID-19 Incident Layer

Ventiv Analytics Cloud

The image displays two screenshots of the Ventiv Analytics Cloud interface, demonstrating the COVID-19 Incident Layer. The interface includes a navigation menu, a search bar, and a map view. The left screenshot shows a map of the United States with red circular markers representing COVID-19 incidents. A tooltip for 'US Dougherty, Georgia' is visible, showing a date of 3/30/20, 267 confirmed cases, 17 recoveries, and 17 deaths. Below the map is a table with columns for Office, Street, City, Country, Lat, Long, Property Value, Sqft, and Num_of_Employees. The right screenshot shows a zoomed-in view of China with red circular markers representing COVID-19 incidents. A tooltip for 'China Hubei' is visible, showing a date of 4/21/20, 68128 confirmed cases, 63514 recoveries, and 4512 deaths. Below the map is a table with columns for City, Country, Lat, Long, Property Value, Sqft, and Num_of_Employees.

Office	Street	City	Country	Lat	Long	Property Value	Sqft	Num_of_Employees
Sample Office	103 Sheng Dao	Chizhou	China	30.5782141	117.7823468	\$1,378,752.00	20,068	158
Sample Office 2	1330 Rockefeller Ave	Everett	United States	47.9441487	-122.1613809	\$3,097,279.00	7,410	536

City	Country	Lat	Long	Property Value	Sqft	Num_of_Employees
Everett	United States	47.9441487	-122.1613809	\$3,097,279.00	7,410	536
Lawrence	United States	38.962208	-95.242925	\$2,676,500.00	32,030	233
New York	United States	40.71892	-74.002777	\$1,123,420.00	12,303	123
San Diego	United States	32.625972	-117.136323	\$2,987,670.00	28,002	453
Salt Lake City Office	United States	40.768738	-111.884101	\$980,875.00	22,303	122

Compliance Impact of COVID-19

- Reporting Unit Statistical Reporting – Catastrophe Code = 12
- CA WCIRB
 - Indemnity Data Call – no impacts
 - Proposals to Insurance Commissioner re: Claims Reporting and Experience Rating.

Compliance Impact of COVID-19

Reporting of Claims — OSHA

The agency has suspended requirements related to COVID-19 for employers outside of the healthcare industry unless there is "objective evidence" that the case is work-related and the evidence was "reasonably available" to the employer.

If employer can confirm case of COVID-19 resulted from exposure at work as defined in [29 CFR 1904.5](#). One or more of the following general recording criteria outlined in [29 CFR 1904.7](#) must be met.

Illness is to be tracked on OSHA 300 form as Respiratory Illness.

The image features a dark gray background with a subtle, repeating pattern of light gray hexagons. In the foreground, there are two overlapping speech bubbles. The top bubble is larger and contains the text 'Q&A'. The 'Q' is white, the ampersand is a light gray, and the 'A' is a bright yellow. The bottom bubble is smaller and empty. Both bubbles have a thick, rounded gray outline.

Q&A
